

East River Regional Sanitation District

Sewer Fees and Billing Information 2024

Tap Fees:

Tap Fees are calculated based on the total amount of water-using facilities within the home. The fee is based on Equivalent Residential units or EQR's. One EQR is the equivalent of a home with three bathrooms and one kitchen. Any additional water-using facilities will increase the EQR's. For EQR calculation please contact the District Office at (970) 349-7411.

The current sewer tap fee for 1.0 EQR is \$8,772.00.

East River Regional Sanitation District bills on a quarterly basis. The bills are sent out the first week of the first month of the quarter and are due at the end of the first month of the quarter. Each bill covers the current quarter that it is mailed in.

Availability Fees:

For undeveloped property, there is no fee currently charged.

User Fees:

For developed property, the owner is charged a user fee. Once again, the fee varies based upon EQR's. Currently, for a three bathroom/one kitchen home (1.0 EQR) the base rate is \$112.25 per quarter.
