II. Service Plan and Development

The Service Plan for East River was first prepared in June 1983. The original Service Plan proposed providing wastewater service and facilities for Skyland, Avion, Silver Sage developments and an additional parcel. The Service Plan intended allowing additional areas outside the original East River Boundaries to become a part of East River and receive wastewater services. The developments of Rivergreen, Larkspur, Brush Creek Estates, Whetstone Vista, Riverbend and Slate River Estates have been included in the District. East River continues to improve its wastewater services and facilities.

East River's Board of Directors has worked on or completed various projects in 2022, including:

- Treatment Plant Maintenance
- Lift Station Maintenance
- Lift Station Upgrade Project
- Collection System Maintenance and Improvements

III. Financing Obligations

East River currently has no debt obligations.

East River imposed 1.846 mills in 2022 for General Operating Expenses.

The gross assessed valuation was \$62,544,510 in 2022.
